

The Morning Strut

Come on everybody and hear what I say
It's the start of another day
So clap your hands and stamp your feet
Don't matter what you do, just get the beat.
Bounce you body up and down
Shake yourself to the sound
Your body's moving and we're having fun
We'll keep on going 'til the day is done.
Come on everybody, sing and dance
Start the day right, here's your chance
Making music feels so good
Get going with me, you really should
Wear a smile and sing a song
If you don't know the words then hum along
Music is for you and me. Start your day off happy!

On a School Bus

On a school bus, off to school we go.
On a school bus, all big kids we know
On a school bus, School has begun.
All big kids are learning and having fun.
On a school bus, sitting with a friend
On a school bus, to school then home again
On a school bus, kids climb inside
I just wish I could go for a ride.
When can I go on a school bus?
When will that day arrive?
My mom says I must wait until I'm five! To go
On a school bus, going down the road
On a school bus, a very special load
On a school bus, gone for the day
I can't wait for the kids to come home and play
I just want to go on a school bus!

Primary Colors

Primary colors, one, two, three
Can you say their names with me? Red, Yellow, Blue
Primary colors, red, yellow, blue
When you see them, here's what you do.
When you see red, nod your head.
When you see blue, say "Ah Choo!"
When you see yellow, play the cello.
Primary colors, one, two, three
Can you say their names for me? Red, Yellow, Blue
Primary colors, red, yellow, blue
When you see them, you know what to do.
When you see red, nod your head
When you see blue, say "Ah Choo"
When you see yellow, play the cello
Primary colors one, two, three
Once more say their names with me. Red, yellow, blue
Primary colors, red, yellow, blue
Now you know them. Good for you!

Five Cute, Roly-poly Puppies

Five cute, roly-poly puppies were playing on the floor
One went outside and then there were four
Four cute, roly-poly puppies were
Playing puppy games with me
One more went outside and then there were three.
Three cute, roly-poly puppies were playing with my shoe
One went outside and then there were two.
Two cute, roly-poly puppies were having puppy fun
One more went outside and then there was one.
One sad, roly-poly puppy was looking for a friend.
The four came in from outside and
There were five puppies again!

Stop, Drop, Roll and Go!

If there's a fire in your house, and some gets on you
You need to take care of yourself
You need to know what to do
You stop, drop, roll and go. It's a life race.
You stop, drop, roll and go to a safe place.
If some one else is in the house they'll have to get away.
Call to them, "Come out, too!" and remember to say,
If there's no fire on your body, then you just go.
But if fire gets on you, it's important to know.

Wiggle Worm

I'm a wiggle worm, I've got nothing to say
I just wiggle everyday
A wiggle worm, I've got nothing to do
Except sing this song for you.
I'm a wiggle worm crawling on the ground
I move a lot but don't make a sound
A wiggle worm, I don't make a peep
I'm going back in the dirt to sleep.

The Monster

I like to play monster and make my monster roar
I like to stamp my feet as I roam across the floor
I like to play monster with huge, hairy paws
I like to wave my arms and show my great big claws
But, when my monster's finished,
No matter what the monster did,
It's time for a hug from mommy 'cause I'm really just a kid!

The Blending Song

You take three colors, the first three colors
The primary colors red, yellow and blue
You mix these colors with each other
And you'll see what they can do
Red and yellow make orange; Blue and yellow make green.
Red and blue make purple. What a beautiful scene!
For orange mix red and yellow.
For green mix yellow and blue.
For purple mix blue and red. It's amazing what colors can do!

Proud to Be An American

I'm proud to be an American. A child in the land of the free
Where I can grow up to be whatever I want
The choices are here for me.
Yes, I'm proud to be an American
There's no place I'd rather be
When put to the test I will give it my best
Its America and me!

Manners Matter

Manners matter they really do
Like a mirror they reflect on you
So use your manners everyday
While at school and while at play.
When you meet someone you say "How do you do?"
When you want something you say "Please"
When you get something you say "Thank you"
And cover your mouth when you sneeze
Don't interrupt when someone speaks
For permission ask "May I?"
Don't talk with your mouth full
When talking to someone look them in the eye

Pledge to Lead a Drug-free Life

Taking drugs is not the thing to do
Cause drugs have a way of taking over you
We may be kids, but hear what we say
We pledge to lead a drug-free life today.
When a friend says, "Do you want to get high?"
I tell that friend "Bye, bye"
If someone asks "Do you want to smoke dope?"
I answer "Uh-uh, Nope!"
Taking drugs etc.
If someone says "Its a way to be cool!"
I say "You're a fool!"
If someone says "Its good pay."
I tell him, "Go away!"
Now listen up children while we lay us down some rap
We say if you do drugs you're just a real sap
Don't dis yourself, if you know what I mean
Cause drugs that once were cool, no longer make the scene
You might know older people
Who don't think drugs are wrong
Believe me you, they won't be here for long
If this world will soon belong to you and me
We must keep ourselves DRUG FREE!

Wash Yourself

Dinners over and you had your play
I think I heard your mother say
"Brush your teeth. Time for cleaning up.
Take off your clothes and jump in the tub."
Wash yourself. You've got to wash yourself.
You've got to wash yourself from your toes to your head
Before you put yourself to bed.
Wash your body and your face.
Make sure you get every place
Wash between all your toes
Don't forget to blow you knows
Wash yourself etc
In the tub—scrub, scrub
On your face—rub, rub
Clean your teeth—brush, brush
Use the toilet—flush, flush
Wash yourself etc.

Good Night/Time for Bed

Good night, pleasant dreams, I love you.
Its time to go to bed.
Say good night to daddy and the moon
And lay down your head.
Because, its time to sleep, lay down your head
All little children are in bed
Lay down and close your eyes. In the morning you will rise
Its time to sleep, lay down your head.
